Republican gains in New-York and other doubtful States were received with wild outbursts of patriotic applause. The election in the city passed off quietly, and

no serious breach of the peace occurred. The fine weather had the effect of bringing out a full vote. At the hour of 9 o'clock the estimated majority in the city for Harrison will exceed 25,000, and in the State \$5,000. The entire Republican city ticket is elected with perhaps a single exception that of Alfred Gratz, candidate for Register of Wills. The fight over Gratz was in consequence of his being a brother-in-law of Colonel A. K. McClurg, who, it is claimed, dictated his nomina-

All the Republican clubs are now parading the streets, and the light from thousands of bonfires makes the night as bright as day. Republican enthusiasm is at a high point, and the Democrats have deserted the streets. At the State Republican Committee's rooms Chairman Cooper claims that from dispatches just received Harrison is that from dispatches just received Harrison is elected. This news, when placed on the banner, set the great crowd wild and the cheering continued for fully ten minutes.

Chairman Rorks, of the City Republican Committee, said: "We have the State by over 5,000 majority, and the whole vote will reach 195,000."

A BAILWAY INTRIGUE AGAINST JOHN WANA-MAKER.

cial .- A prom tractworthy employe of the Pennsylvania Railway in this city said to-night: "John Wanamaker, an tor on the Republican ticket, was cut by thousands of men in the employ of the company, who substituted the name of William J. Latta, a Democratic slector. The scheme was worked in this sly way morning a fellow-workman came to me This morning a fellow-workman came to me and said: (Will you do me a favor and at the same time please the company by giving Latta a complimentary vote? All you have to do is to put a Latta sticker over Wanamaker's name.' Being a Republican, I, of course, refused, but I do know that a large number of the employes did so. The reason given for scratching Wanamaker was that he was prominently identified with the Philadelphia and Reading, and is identified with the Philadelphia and Reading, and is active in getting the elevated road to Twelfth and Market sts. The voting employes of the Pennsyl-wania number 22,000 in the State, and I have no doubt the complimentary vote order was generally obeyed."

A GAIN OF TWO CONGRESSMEN. CANDLER AND WALKER ELECTED-JOHN F ANDREW SUCCESSFUL

Boston, Nov. 6 (Special).-The election in Massachusetts passed off without any special excitement. The chief interest centred in the Congressional districts, as it was a foregone conclu Governor Ames with the entire State ticket would be re-elected by a handsome plurality. The interest in the Congressional and Presidential issues so overshadowed all personal feeling or indifference on the gubernatorial contest that it will probably be found when the last vote is counted that Governor Ames has not fallen much behind what his friends claimed for him. The weather was warm and pleasant and all its conditions were favorable to a large Republican

The most earnest contest in the Congressional Districts was in the IIId, A. W. Beard and John F. Andrews; the Vth, General Banks and Colonel T. W. Higginson; the IXth, John W. Candler and Edward Burnett. The Republicans have gained two Congressmen, John W. Candler is elected in the IXth District over Burnett, Democrat. and Joseph H. Walker is elected in the Xth District in place of John E. Russell, Democrat. In the IIId District, represented now by Leopold Morse, John F. Andrew, Democrat, is chosen over A. W.

Beard, Republican. The contest in the IIId District was very earnest. The defeat of Mr. Beard is greatly to be regretted, aside from the political aspect of be regretted, aside from the political aspect of the question, for he is an able and aggressive debater, well-informed on all the great ques-tions of the day, a stanch Republican, and a man of unquestioned integrity. Mr. Andrew, the successful candidate, owes his distinction chiefly to the reputation of his father, the famous way Governor of Massachusetts, and to his great wealth, acquired by marriage. He is a Harvard graduate, a lawyer by profession, and has served in both Houses of the Legislature, when he was a Republican.

The Legislature will, as usual, be largely Republican.

REPUBLICAN EFFORTS LIMITED TO AN ATTEMPT TO CARRY THE LEGISLATURE.

Raleigh, Nev. 6.—Returns from forty precincts out of 1,100 show a Democratic gain of 311. Cleveland

gains 336 in Rowan County. The election returns are compared with the vote for the Governor in 1884, when Soales (Dem.) received 143,000 and York (Liberal Republican), 122,934. Unusual efforts have been made on both sides to

poil a full vote, and the Republicans have sought it carry the Legislature, which will elect a United States Senator, and in which two years ago they, combined with the independents, secured control of the House, and came heart having a manife variety of their halfest. and came near having a majority on joint bailot.

Scattering returns from various parts of the State indicate that it has gone for Cleveland by about the same majority as in 1884—about 17,000. The indications are that the Democrats elect Congressmen in all districts except the 1st, IId and Vth, from which sufficient returns have not been received to indicate

Durham County is reported Democratic, as also Franklin, though the official vote is not given.
Wilmington, N. C., Nov. 6.—Rowland, Democrat,

THE STATE REMAINS DEMOCRATIC.

ELLIOTT RETURNED FOR THE SECOND TIME FROM THE BLACK DISTRICT. IST TELEGRAPH TO THE TRIBUNE.

Charleston, Nov. 6.-The election was quiet. Returns received thus far indicate the election of the entire Democratic Congressional delegation, majorities ranging from 500 to 5,000, although ofmajorities ranging from 500 to 5,000, although of-ficial figures may vary these somewhat. There was no opposition to the State Democratic ticket. The Republicans ran candidates in the 1st, 11d, VIth and VIIth Districts, but the vote was insignificant in all except the VIth District. Elliott (Dem.) will probably carry this district by from 400 to 800 plurality, there being two Republican candidates in the field. Cleveland will have a majority of from 15,000 to 20,000 in the State.

Columbia, Nov. 6 (Special).-The vote in this State was light, being about 60,000. Thousands of negroes went to the polls without registration tickets and could not vote. The returns at 10 p. m. indicate a majority for Cleveland of 35,000, and that Mc-Kinley and Miller, Republicans, running in the 1st and VIIth Districts in opposition to Dibble and Elliott, have been defeated. RETURNS MADE SLOWLY.

AN ESTIMATED MAJORITY FOR CLEVELAND IN CHICAGO-REPOR FROM PRECINCTS.

Chicago, Nov. 6 .- The weather was fair in this city and the voting heavy. By 11 o'clock fully two-

towns and county districts in Cook County will, to a great extent, neutralize this. In 1884 Blaine carried the city by 2,890 plurality and Cook County by 8,642. In the same year Carter Harrison (Dem.), for Governor, carried the city by about 9,000 plurality, but the county towns reduced this to 103. The polls outside of Cook County were held open till near 7 p. m., and in many places the vote will not be reported before morning. A few towns in Republican unties showed a slight gain for Harrison over Blaine's vote in 1884, while Fifer, for Governor, falls behind Harrison in nearly every place.

Two hundred and seventy-five precincts in Chicago out of 341 give Harrison 45,164; Cleveland, 47,265; Fifer (Rep.), for Governor, 44,627; Palmer (Dem.), for Governor, 51,000.

A DEMOCRATIC MAJORITY IN CHICAGO. THE REPUBLICAN MAJORITY IN THE STATE ES-TIMATED AT 15,000-NO DEFINITE RE-

TURNS AS TO CONGRESSMEN.

Chicago, Nov. 6 (Special).-Returns from Illinoi outside of Cook County are slow to come in. Only about a dozen counties have yet reported anything, and those only the meagre figures of a few townships The returns that are at hand show small Rerublican gains on the Presidential ticket. Fifer, for Governor, fell behind Harrison in almost all places, so far reported. At this hour the indications are that the Republican majority in the State will be 15,000 to 20,000, but no estimate can be given as to the vote for Bovernor. Congressman Post gains in his home, Knox County. There is no news yet from other Congressional Districts in Illinois. In the XVIIIth District nothing decisive is yet known, although Jehu Baker's friends claim his election. In the XIth District, Congressman Gest is thought to be elected.

The city of Chicago has probably gone Democratic by 3,000, but this will be off-set by the complete returns of the county. In addition to voting for Presi dent, Governor and for State, Congressional, Legislative and county offices, the voters of Illinois were called on to-day to decide the question of adopting the General Banking law. It proposed to establish State banks, without power of issuing notes, under the same rules and restrictions as now apply to National banks and to State banks in Now-York. It provides to the inspection of all private banks by the off state, and permits the chartering of ban cuttal of \$25,000 in towns of 3,000 popular. The law was commended by both parties, and has unquestionably been adopted.

REPUBLICAN CONGRESSMEN GAINED.

THE REPUBLICANS CLAIMING THE ELECTION OF TWO REPRESENTATIVES.

St. Louis, Nov. 6 (Special).-The returns from th

election in this State are coming in slowly. Reports from forty-four counties, out of 114, show the Democratic gains increased, and estimates based on these gains indicate that Cleveland has carried the State by 35,000 plurality. Francis, the Democratic can-didate for Governor, ran up with his ticket in St. Louis, but lost ground in the State. His plurality is estimated at 20,000. The whole Democratic State ticket is elected, with pluralities ranging from 25,000 to 30,000. The fight in the close Congressional districts has been a hot one. The Republicans probably gain one or two Congressmen. Republicans claim that John J. O'Neill, chairman of the Labor Committee. has been defeated in the VIIIth by Frederick G. Niedringhaus. Wade (Rep.) is elected in the XIIIth, and Nathan Frank probably in the IXth. From the estimates now at hand, the next Congressional delegation will be as follows: Ist District, W. H. Hatch (Dem.); IId District, Charles H. Mansur IIId District, A. M. Dockery (Dem.); IVth District, James Burns (Dem.); Vth District, John C. Tarsney (Dem.); VIth District, John T. WISCONSIN.

EIGHTEEN HUNDRED FOR HARRISON.

THE ESTIMATE OF GOVERNOR J. M. RUSK-SIX REPUBLICAN CONGRESSMEN AND PROBABLY SEVEN.

To Whitelaw Reid: Viroqua, Wis., Nov. 6.-Wisconsin will give Harrison 18,000 to 20,000, with six, and probably seven, out of nine Congressmen. J. M. RUSK.

AN ESTIMATE BASED ON RETURNS FROM MITTY-TWO CITIES AND TOWNS. Milwaukee, Nov. 6.—The returns are coming in very slowly and it is impossible at this hour to give any-thing definite. Fifty-two cities and towns outside of Milwaukee give a net Republican gain of 683. It estimated from these figures that the Republican

is estimated from these figures that the Republican majority in the State will be about 15,000. Smith (Dem. and Labor), has undoubtedly defeated Van Schalek in the IVth District (Milwaukee.) The Polish vote on which Van Schalek counted, as usual went strongly for his opponent.

Barwig, the Democratic candidate in the Hd District (now represented by Guenther), has probably defeated McFridge, the Republican, candidate, by a small majority. This will give the Democrats a gain of one Congressman in the delegation.

Up to 12:30 p. m. this afternoon, 10,000 votes had been polled in this city. This surpasses the heaviest previous record at the same hour by 4,000 votes.

San Francisco, Nov. 6 (Special).-The vote cast in this city and Oakland will be the heaviest on record. There was great excitement. The streets were filled with people, but few disorderly scenes occurred. The vote, although many Republican voters were prevented from voting by frivolous questions at the polls. Probably as many as 800 voters were thus cut, out. The Democrats gain about 150 votes in this city. Simmons then pulled a pistol and shot Imes in the leg. Imes was taken t the hospital, had his wound dressed and pluckfly re-

turned to the polls and cast his vote. Boss Buckley pursued his usual tactics, and both he and his lieutenants bought votes in the lodginghouse quarter on Leidesdorff-st. for \$2 each. Men were taken to the blind boss, who gave them tickets and they were watched till they voted. Then several of the Boss's assistants took the fellows into hallways and secretly gave them money for their votes. One man stood by Buckley's side, his pockets bulging out with silver dollars, and those who watched Buckley believed that he passed \$2 to each man in shaking hands with him. messages received from the State were cheering to the

Republicans. The weather was perfectly clear. The polls opened The weather was perfectly clear. The poins opened at 6 a m. and remained open till 7 p. m. Voting began early and it is estimated that three-fourths of the entire registered vote of the city had been polled before noon. Eight acress for illegal voting were made. The Election law of California makes a rapid can-vass impossible. It directs that each ticket, which embraces the candidates for National, State and local embraces the candidates for National, State and local offices, be counted scriatim, and inflicts a penalty for sorting out the tickets in order to count the straight ballots first. Four years ago there were between 1,100 and 1,200 voting precincts in this State, but the number has been increased to 1,766, 176 of which are in this city. Owing to this change it is impossible to compare to-day's vote by precincts with that of four years ago.

election affray in Brooklyn, which had a serious termination, occurred at Front and Pearl sts. at 6.30 o'clock last evening between James Smith, of No. 98 York st., and John Carroll, of Front-st. Smith wounded Carroll so badly by a pistol shot that the victim is not expected to live. Both men were busy electioneering on opposite sides. Early in the after noon they had a wrangle, but were separated without coming to blows, but they encountered each other again after the polls had closed and the quarrel was

The bystanders threatened to lynch Smith on the spot and were on the point of carrying their threat into execution when the police arrived and took the prisoner to the Fulton Street Police Station.

A NEW DANGER IN FOOD. Physicians have discovered a serious danger to the public health in a new form of baking powder, large Physicians have discovered a serious danger public health in a new form of baking powder, large quantities of which have been put upon the marked under different names. Alum baking powders have been so unanimously condemned as unhealthful that careful housekeepers will no longer buy them knowingly. The bitter taste which they leave in the food becoming recognized by consumers, the deception practised in selling them for pure cream of tartar powders could be no longer maintained. To overcome this bitter taste the manufacturers are now using a mixture of alum and phosphatic acid. This still enables the production of a powder at a cost of five or six cents a pound, which, sold at from twenty to forty, yields a large profit. Chemical tests, however, show that the phosphate and alum of the baking powder are, by the heat of baking, partially resolved into the poisonous, and which, being readily soluble in the gastire infecs, is dangerous to be taken in food. Great care should be exercised in using new articles of food. In baking powders it is safer to use the "Royal" only, an article that many years' experience has proved most efficient, and which has been officially demonstrated pure and wholesoms.
